(Une organisation pour adultes)

Cara President Sonia
Dear members from Masci

It's with a great grief that I can't be with you at this General Assemble from MASCI, but other members of ISGF need my presence and so this time I must be in Tunisia for their Congress.

The World Committee members send their best greetings to you who participate in this important event of the MASCI family, were together you find the best way to work with your communities and choose the leaders of your organization. This big gathering is also a moment of training, sharing and friendship for the members.

I would like to thank the members from MASCI that whenever they attend an ISGF event, they are always READY to SERVE, even without being asked. Like the other members, you are participants, but you make the difference because you are "Always Prepared". Thank you for that.

Wishing you all a very happy Assemble, full of happiness and good conclusions in such a calm and holy city.

Hope to see some of you at the next World Conference next year in Bali – Indonesia.

Yours in Fellowship

Mida Rodrigues
Chairman ISGF World Committee

Brussels, 26th October 2016
